Professional Summary

Computer Science Engineering student with hands-on experience in mobile application development, Artificial Intelligence, Machine Learning, and Automation. Skilled in Python, Java, Flutter, React, and Flask with a strong interest in developing intelligent software solutions and modern web applications.

Education

Vimal Jyoti Engineering College, Chemperi

2023 – Present

Bachelor of Technology in Computer Science and Engineering
CGPA: 6.84

Government Higher Secondary School, Sreekandapuram

Higher Secondary Education
Percentage: 94%

Technical Skills

Programming Languages: Python, Java, C, HTML, CSS

Frameworks & Technologies: Flutter, React, Node.js, Flask

Machine Learning & AI: NumPy, Pandas, Scikit-learn, Matplotlib, Natural Language Processing (NLP)

Tools: VS Code, Android Studio, n8n

Projects

StudentsConnect – Smart Hostel Leave Management System

Flutter, Node.js, Express.js, MongoDB

- Developed a digital hostel leave management system to streamline leave approval workflows.
- Implemented online leave requests, approval tracking, and leave history management.
- Integrated parent notifications and QR-based verification features.
- Designed a user-friendly mobile application using Flutter.

AI Career Assistant

React, FastAPI, Python, NLP

- Developed an AI-powered platform for career guidance and skill analysis.
- Implemented resume analysis and personalized career recommendations.
- Built an interactive dashboard for tracking career development.
- Utilized NLP techniques to improve recommendation quality.

Spam Detection and Email Automation System

Python, Flask, Scikit-learn, Pandas, n8n

- Built a machine learning model for spam email classification.
- Achieved approximately 96% prediction accuracy.
- Integrated automated email processing workflows using n8n.
- Enabled intelligent email categorization and filtering.

Internships

Calibre Code Solutions
Python Development Intern

June 2025

- Gained practical experience in Python web development.
- Worked on backend logic, database integration, and REST API development.
- Contributed to web-based software development projects.

Acadeno Technology Pvt. Ltd.
Artificial Intelligence and Automation Intern

- Completed a 15-day internship in Artificial Intelligence and Automation.
- Worked with AI concepts, intelligent systems, and automation tools.
- Gained practical exposure to real-world AI applications.

Certifications

- Python Development Internship Certificate – Calibre Code Solutions
- Artificial Intelligence and Automation Internship Certificate – Acadeno Technology Pvt. Ltd.

Achievements

- Winner, NSS Quiz Competition.

Leadership & Activities

National Service Scheme (NSS) – Volunteer

- Participated in community service and volunteer activities.
- Contributed to organizing NSS programs and awareness initiatives.

Languages

English, Malayalam, Hindi
